

## CG-90 GENERAL PURPOSE CLEAR GREASE

CG-90 is a clear, low odour, general purpose grease for superior lubrication. Exhibits excellent adhesion, high tack strength, penetrates quickly and thickens to form a long-lasting lubricating coating.

CG-90 contains boron nitride which greatly enhances lubrication performance and reduces friction. CG-90 has excellent thermal stability and is resistant to hot water, steam, acids and alkalis preventing corrosion. Wide operating temperature range from  $-12^{\circ}\text{C}$  to  $+180^{\circ}\text{C}$  and will not break down under high pressures.
