

BC-90 BRAKE AND CLUTCH CLEANER

BC-90 is a highly effective, professional-grade, powerful solvent cleaner for all brake and clutch parts. Its powerful flushing action quickly removes contaminants such as brake dust, grease, oil, road grime, and brake fluid.

BC-90 is fast drying, does not leave a residue, minimises downtime and improves brake and clutch efficiency.

KEY FEATURES

- Powerful solvent cleaner for brake and clutch parts
- Fast drying
- Does not leave a residue
- Quickly removes grime, brake dust, dirt, fluids/oils and contaminants
- Can be used as a general purpose degreaser or metal cleaner

NEVER ASK A PROFESSIONAL TO USE ANYTHING ELSE!

CODE	FILL SIZE/PRODUCT
1951	500ml aerosol

APPLICATION AREAS

Use BC-90 for the degreasing and cleaning of brake linings, drums, cylinders, brake shoes, disc brake pads, discs, wedge brakes, springs, calipers and clutch discs.

DIRECTIONS FOR USE

- Before application of BC-90 remove excessive dust and dirt with a brush or cloth, taking appropriate precautions not to inhale the brake dust.
- Shake the can well before use.
- Spray liberally onto component, collecting run off with paper towels or cloths.
- Use a wire brush to clean the caliper housing and backing plate to remove all dirt and dust.
- Repeat the procedure on heavily soiled parts if necessary.
- Always test brake operation after use.
- Dispose of any used cloths appropriately and with regard to local waste disposal regulations.
- Take care not to spray on vehicle bodywork, painted surfaces, rubber or plastic components.
