category H1, no. 143541

NEVER ASK A PROFESSIONAL TO USE ANYTHING ELSE!

APPLICATION AREAS

Acceptable as a lubricant with incidental food contact (H1) for use in and around food processing areas. For use on food processing and handling equipment, excellent release agent, food sorting lines, food packaging machinery and bottling machinery. Ideal food packaging release agent and cutting blade treatment. Use as a general purpose cable pulling lubricant

DIRECTIONS FOR USE

- Shake the can before use.
- Spray a light, even film on areas requiring lubrication or protection.
- Repeat application if necessary.
- Harmless to most commonly used rubbers and plastics, if in doubt please test prior to use (not suitable for use on silicone rubbers). Do not use on live electrical equipment.

APPEARANCE:	Clear, colourless oil
ODOUR:	Odourless
SPECIFIC GRAVITY AT 20°C:	0.969
TEMPERATURE RANGE:	-50 °C to 200 °C
SOLUBILITY:	Insoluble in water

(All values apply to product without aerosol propellant)

HEALTH AND SAFETY

A separate Safety Data Sheet (SDS) is available from <https://www.actioncan.com/product/sp-90/> or from info@actioncan.com

STORAGE & SHELF LIFE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.
